MAN, FAILING IN BAR EXAM, SHOOT FIVE

Patrolman, Law Official Killed In Washington, D. C., Episode

(By Associated Press)

WASHINGTON, May 16—A patrolman and a law association official were killed and three others wounded today in a gunfight started at the municipal courthouse by a disgruntled bar applicant.

The dead were identified by police as:

Hubert Estes, a patrolman.

Ray Devendorf, 65-year-old clerk for the District of Columbia bar association's committee on admissions and grievances.

The wounded reported by police: Attorney George W. Dalzell, of Chevy Chase, Md., 69, executive secretary of the grievance committee. Cecil Claig, a guard on duty at one of the doors of the courthouse building about five blocks from the Capitol.

Demand Fee Return

An unidentified negro, whom police described as the unsuccessful applicant for admission to law practice.

The first shots were fired in Devendorf's office on the third floor of the building which houses municipal courts.

Persons in the building at the time said the negro went to the office and demanded return of the fee he had paid when he sought admission to the bar.

An argument ensued. Devendorf was shot in the face.

Then, the assailant turned toward Dalzell who was shot in the shoulder and face.

Eyewitnesses said the negro walked calmly into the hall.

A negro court messenger, George Clemens, said the man stopped and reloading his gun.

Dalzell just then staggered to the hallway.

Bystanders said the gunman fired wildly in the general direction of Dalzell.

Gave Chase

Then, the gunman took an elevator to the ground floor and walked quickly out of the building.

Walter Bramhall, municipal court clerk, saw him then. Suspicious, Bramhall ran after him.

"The negro was walking rapidly out of the building with his left hand holding his gun in his coat pocket," Bramhall told reporters afterwards.

Bramhall said he called to police and bystanders for help.

Estes and Claig gave chase, firing as they ran. Two blocks from the building, the fugitive turned and shot back.

Both pursuers were hit.

A third policeman dashed up and tackled the wounded gunman.

Employment Gain Shown In Ohio By OSES Report

COLUMBUS, May 16—Construction, wholesale and retail establishments and domestic service accounted for nearly all of a 10 per cent gain on Ohio State Employment Service placements during April, Administrator Dale Dunifon reported today.

The service filled 26,642 new jobs last month, and of 18,284 for men, 16,747 went to veterans. The number of job seekers registered with the agency, Dunifon reported, has declined steadily for three months and stood at 106,658 at the end of April.

The percentage of unemployed compensation claimants among the registered job seekers also reached a 1947 low of 29.700 during the third week of last month, Dunifon added.

Benefit payments of \$1,828,494 were down five per cent from March.

Weekly benefit payments to 31,428 unemployed ex-servicemen in Ohio last month totaled \$2,674,276, a decrease of seven per cent from March.

Apple Blossoms At Height On Sunday

Hundreds are expected to visit Salem district orchards over the weekend, attracted by the apple trees which are now in full bloom.

The blossoms are expected to be at their best Sunday.

In the large Matthews orchard north of Salem on Route 62, April showers have brought many violets into bloom. The public is invited to inspect the orchard and pick the violets.

RED ACTIVITY IN U. S. PROBED

Former Communist Under Guard After Giving Testimony

LOS ANGELES, May 16—With a Russian ex-Communist popping up suddenly in mid-investigation, the probe by a house subcommittee on un-American activities in Hollywood took on aspects of a movie spy thriller story.

After such prominent film folk as Actor Adolphe Menjou, Novelist Rupert Hughes and Producer Jack Warner put the Communist tag on various film and persons and organizations, the subcommittee's inquiry hit a dramatic peak with the entry of Viktor A. Kravchenko, former Soviet official who renounced Communism in 1944.

Hours earlier, a threat on Kravchenko's life was reported to police by his Beverly Hills host, Lee R. Brooks, businessman who may produce an anti-Communist film based on Kravchenko's experiences.

Kravchenko's statements to the committee were not disclosed but Chairman J. Parnell Thomas (R-N.J.) said that the Russian, who left the Soviet purchasing commission in Washington to write the book, "I Chose Freedom," was under subpoena to appear June 26 in Washington.

Thomas said he would ask the U. S. attorney general to place Kravchenko under 24-hour surveillance, "to give him the protection of the federal government."

Hollywood was classified by Menjou as "one of the main centers of Communist activity in America, due to the fact that one of the greatest mediums of propaganda is located here." Thomas reported.

Hughes declared he told the committee that the film capital is "lousy with Communists, some of them making \$3,000 to \$5,000 weekly and whom you couldn't get to go to Russia in a million years."

Knights Templar Attend Ascension Day Program

More than 100 were present at the annual Ascension day observance of Salem commandery, Knights Templar, Thursday evening in the Masonic temple.

Included in the group present were six knights, their ladies and other guests from Lexington, Lisbon, Hanoverton, Columbiana and Millport.

Rev. Paul Gerrard, pastor of First Presbyterian church, Lisbon, gave the sermon at the afternoon service at 5:30. His topic was "Why Stand Ye Gazing?" George A. Hempstead gave a Scripture reading and the Lisbon Legion quartet sang.

The group is composed of Lester Robinson, Byron Griffith, Edward Nold and William Frew.

Mrs. John Lutsch gave a vocal solo, accompanied by Mrs. Glenn Davis.

Rev. David Molynaux gave a talk on "What It Takes to Make a Good Minister," following the 6:30 dinner. Judson King of Lisbon, past Ohio grand commander, gave a short talk.

Mrs. Lutsch sang another number and the Lisbon quartet was heard.

Commander Myron A. Kelly was toastmaster at the dinner.

ernor, Gen. Lucius D. Clay, said today.

Approximately 75 percent of the food was allocated to the British occupied zone, where the food crisis admittedly is more acute, and the rest to the U. S. occupied areas.

While the report covering conditions in the American zone through March gave little hope of improvement in the supply of food before the next harvest, it struck a more optimistic note on industrial recovery and predicted that all the ground lost during the winter should be made up by the end of May.

Continuance until the next harvest of the official 1,550-calory ration for the normal consumer, which officials admit is a starvation level, depends "on the availability of indigenous food and on adequate imports," Gen. Clay reported.

He said meat and fat rations were smaller than in any previous period since the beginning of the occupation.

Children Looked After

Approximately 3,550,000 children in the British and American zones, meantime, were getting a ration-free meal of 350 calories daily at school in areas in the greatest need of supplementary feeding. Former President Herbert Hoover recommended this program, which was put into effect in mid-April.

Other highlights of the report included:

Black market activities of juveniles continued to increase and in Hesse a band of 17 teen-agers lived entirely in this way, changing their city of operation every two-to-four weeks.

Illegal crossing of the border jumped with improved weather. Border police in the U. S. zone turned back 22,427 persons, arrested 1,669 and confiscated goods valued at 299,089 reichsmarks.

Swift progress on the elimination of German war potential was reported with the job of dismantling or destroying 104 war plants in the American zone completed in 73 cases. Shipments of reparations equipment from the U. S. zone, totaled 50,358 tons at the end of March with the Soviet union receiving approximately 95 per cent of it.

Truancy showed a marked increase because the right to fine parents for their children's unauthorized absence from school was withdrawn from the burgomeisters.

Prize winning entries in the annual Salem High school Brooks literary contest were announced this morning at a student assembly.

The first two manuscripts in each of three divisions were read by their authors.

Cash prizes were awarded for the best three poems, essays and short stories. No oration entries were received.

The winners were: Ruth Winkler, first; Nettie Housel, second; Carina Arbanitis, third. Joe Ferreri, honorable mention.

Essays

Bobby Campbell, first; Marjorie Hanna and Carol Johnston, tied for second and third; Tom Holzschach, honorable mention.

Short Stories

Joan Hardy, first; Bill Sechier, second; Marguerite Fultz, third; Mabel Dolence, honorable mention.

The prizes were \$9, \$6 and \$3.

The winners were introduced by Principal Beman Ludwig.

CITIES FUND BOOST URGED

Five Mayors Tell Governor They Will Push New Legislation

(By Associated Press)

COLUMBUS, May 16—Officials of five key Ohio cities—Cleveland, Cincinnati, Dayton, Toledo and Youngstown—have informed Gov. Thomas J. Herbert that they expect to ask the legislature to consider two amendments to the house approved \$25,000,000 local government bill.

Headed by Mayor Thomas Burke of Cleveland the delegation told Gov. Thomas J. Herbert yesterday they seek guarantees that county budget officials fix cities' shares of state revenue allotments at not less than the average amounts received during the past three years.

They also intend to ask the senate taxation committee to consider an amendment to the admissions tax repealer so that approximately \$2,500,000 collected by the state between Jan. 1 and Oct. 1 would be turned over to cities when the local government bill becomes effective in October.

After the conference, Herbert said that he did not object to the county proposal as described, adding that only "time" would tell whether it was a "feasible plan."

However, the governor would not comment about the delegation's plans to attempt to acquire admissions taxes collected before the repealer became effective.

City officials who met with Herbert were Mayor Thomas Burke and City Finance Director F. R. Hanrahan of Cleveland; City Manager W. R. Kellogg and W. D. Gradsion, chairman of the city council finance committee of Cincinnati; City Manager Fred O. Eichelberger and Finance Director Earl E. Hagerman of Dayton; City Manager George N. Schoonmaker, Finance Director R. T. Anderson and Law Director W. G. Christensen of Toledo; Mayor Ralph W. O'Neill, Finance Director Forrest Cavalier, and Law Director John Powers of Youngstown.

WASHINGTONVILLE LIGHTS TURNED ON

WASHINGTONVILLE, May 16—Residents were surprised at 8 p. m. Thursday when the automatic switch turned on the community's 52 street lights, which were installed by the Ohio Edison company's construction crew.

This project was made possible last fall when the citizens of the village voted a small special tax levy to provide funds for the installation and cost of operation.

Players 'My Sister Eileen' Is Hit Club To Repeat Performance Tonight

Dorothy Lutsch, in her portrayal of Ruth Sherwood, set the tempo in the fast-stepping comedy, "My Sister Eileen," the third offering of the current season by the Salem Players club.

Presented Thursday evening before an appreciative audience in the High school auditorium, the production is directed by Howard S. Dodge, and has the largest cast yet assembled.

Miss Lutsch, in her first adult production and her sister Eileen, played by a stage newcomer, Mary-belle Phillips, are the center around which amusing and varied activities revolve.

The story never lags from the time they reach New York from Columbus, to seek their fortunes as a writer and actress, respectively. They rent a studio in Greenwich Village from Mr. Appopulous (Harold Parker), who ably plays this part.

Troy Cope, Jr., as "The Wreck" adds a spark to the comedy situations of which there are many.

The sequence, where the girls become acquainted with the Brazilian Navy brought laughs and applause from the house.

Good for many laughs and ably acted and directed "My Sister Eileen" makes for an entertaining evening. The play will be repeated at 8:30 tonight.

PIPELINE, FIRE PLUG CONTRACTS AWARDED

Salem city board of control today awarded contracts for the laying of 2,000 feet of water mains and for furnishing fire plugs needed for one year.

The pipe line contract was awarded to the Gallagher and O'Hara Co. of Youngstown at \$135 per lineal foot. Service Director Frank K. Wilson said.

The work, to be done this summer, covers several extension projects throughout the city.

Fire plugs, at \$101.75 each, will be furnished by the Darling Valve and Mfg. Co. of Williamsport, Pa. The firm was the only bidder, Wilson said.

U. S. Copper, Petroleum Supplies Held Inadequate

WASHINGTON, May 16—The Interior department said today the United States has less than 25 years supply of copper and petroleum under present conditions.

To remain self-sufficient in these minerals any longer, a department report said, the nation would have to find improved means of working known sub-marginal deposits which cannot be developed profitably these days.

3,300 X-RAYS TAKEN HERE

Reports Of Industrial Workers Survey To Be Made Soon

The final day's work in Salem industrial plants by the mobile unit of the National X-ray Survey produced 734 more chest pictures of local workers.

In all, 3,300 workers in Salem were X-rayed during the program, a very good showing, made possible by the full cooperation of the employers, Columbiana County Public Health League officials said.

Thursday 535 were checked at the National Sanitary Co., 70 at Gonda Engineering, and 199 at the Salem China plant.

Included in those totals were workers from C. B. Hunt & Son 53, Church Budget 56, Lincoln Machine 7, and Paxson Machine 17.

The films will be developed and readings made by Dr. Lea Cobbs. Notices will be mailed within a month. Those with positive X-rays will be referred to family physicians for study and diagnosis.

The X-rays taken in Salem bring the total for the county to 5,987, which includes East Palestine 561, East Liverpool 1,904 and Leetonia 230.

CONVENTION SET BY JUNIOR SAXONS

MORE THAN 100 B-29S JOIN IN ARMY DISPLAY

Two-Mile Long Formation Most Powerful Ever Assembled In U. S.

(By Associated Press)

NEW YORK, May 16—An armada of more than 100 B-29s, the most powerful bombing formation ever assembled in the United States, streaked over the skyscrapers of New York at 11:31 a. m. today.

A total of 138 Superfortresses took off from dispersed and distant bases for the "target" run over New York and subsequent streaks over Newark and Trenton, N. J., Philadelphia, Wilmington, Baltimore and Washington, D. C.

A communication plane reported, however, that 130 of the big four-engine planes rendezvoused with split second time over Cape May, N. J., at 10:56 a. m., then laid a straight course of 130 miles to New York for the full-dress training review of the nation's heavy bomber strength. The Army did not announce immediately whether all the planes which started joined for the run.

Crowds Gaze Skyward

Busy New York was hushed momentarily under the compounded roar of engines as millions of persons in noonday crowds gaped skyward through a slight haze.

The B-29s roared overhead in "stacked" formation, stepped from about 3,500 to 4,500 feet altitude and spanning a sky area about two miles long and one and one-half miles wide.

Everybody's Wiser

The telephone workers who left their jobs under a strike plan to force national bargaining are supposed to get back to them the best way they can. The strike plan has been abandoned. Local bargaining, ignored at the outset, can't make up for the time lost. Telephone workers are taking it in the neck.

They are learning the truth of the saying that no one wins a long strike. They have learned something about national strikes and something about national unions; namely, that a mistake in strategy on the part of one man or a few men can hurt from coast to coast. The public has been learning something, too.

Genuine collective bargaining has been restored in the United States. The telephone properties were not seized, as many expected they would be. The government did not force a settlement. It made its services available to expedite a settlement but did not force one. Nor did the public demand seizure, due largely to the fact that telephone service can be given indefinitely with a fraction of normal personnel.

Everybody is wiser—the telephone workers, their employers, and the public. Everybody has lost something—the people who lost wages, the companies that lost income, and the public that lost service.

Not All In Fun

President Truman's message to Congress on signing the bill outlawing most portal-to-portal claims sounds like a good-natured statement about an issue joined in good faith. There is no hint that he knew the portal claims were an attempt to milk the public of billions more dollars of war-work gravy after the war was over. Obviously, Mr. Truman has begun to build his picket-line fences for 1948.

The portal-to-portal claims were not made in good faith. They did not represent the feelings of the workmen in whose name they were entered. They were a legalistic, hair-splitting grab for money that was never earned for work that was never performed, a grab which would have bled the U. S. Treasury of huge tax refunds for the benefit of workers who had used an unemployment device, the limited work week, to run the cost of World War II into astronomical proportions. The public doesn't share the opinion that the claims were all in fun.

Mr. Truman's right to play politics is undisputed. But his message on signing the bill outlawing the portal-to-portal claims is an insult to men who fought the war with no hope or claim of compensation for the time they spent traveling to and from their travail.

Thanks To Efficiency

With this country's usual flair for getting hipped on one thing at a time, it has been neglecting the efficiency of business enterprises which have held down prices. Many of them have raised prices only a fraction of what could have been justified. A few haven't raised prices at all, making up in greater efficiency all the increases in wages and materials which affected them. Contrary to an impression diligently promoted not all business enterprise has made more money, either. In many cases, conscientious management has sacrificed profits temporarily for the sake of holding consumers' good will in the long pull.

It isn't the sort of thing that politicians talk about. It doesn't lend itself to statistical presentation. The people who do most of the speaking for labor unions can't be expected to admit it. But the fact is that the United States owes a heavy debt of gratitude to the efficiency of management during this interval of post-war price inflation. If all management had taken the attitude early in the game that it had no obligation to hold down the cost of living, things could have been a lot worse.

Postwar Housecleaning

The Sudeten Germans, who the herrenvolk once believed were the advance guard in Greater Germany's drive for lebensraum, are an uprooted people. Once there were 3,600,000 of them in Czechoslovakia. Now there are only 229,000 and by the end of the year there will be less than 100,000.

Czechoslovakia is cleaning them out, lock, stock and swastika, so that it never again will be faced with an arrogant German minority. Removal of more than 3,600,000 persons, more than 25 percent of the total population, is bound to cause internal economic disturbances, but the Czechs are willing to pay the price. Meanwhile the nation has called in its nationals from all over the world. Miners and farmers are coming back from France, soldiers from the Allied armies, and 10,000 who emigrated to Argentina in 1926 are preparing to return.

In its short history Czechoslovakia has been a polyglot nation; its very name shows its hybrid character. Yet in the prewar years it had attained quite a high standard of living and its postwar recovery has been rapid. With the Germans out of the Sudetenland, it may be able to demonstrate to the Middle European peoples how to live together without being continually at sword's point.

A Tricky One Trapped

Sentencing of Hjalmar Schacht to eight years at hard labor means retribution finally has caught up with one of the Nazis' slickest operators. Herr Schacht, an acidulous old man specializing in financial ledgerdom, had a remarkable facility for landing on his feet. He was reported out of favor with Hitler on several occasions but always came back stronger than ever.

Schacht was a tricky one to bring to book. The Nuremberg tribunal cleared him of complicity in international war crimes, but the German denazification court, judging him in the light of his service or disservice, to Germany, decided he was guilty.

For Saturday, May 17
BY GENEVIEVE REMBLE

Some sort of brilliant idea or spectacular coup, putting lagging or erratic situations upon a fresh and fertile foundation, should yield rich results, probably far beyond the keenest expectations.

Radical change, abandonment of all old and out-grown techniques, for novel or drastic reforms, maneuvers or revolutionary performances might swerve from the pathway of annihilation and defeat into high levels of accomplishment. To attain this, it might be necessary to dare to be original or audacious.

On the Birthday

Those whose birthday it is may find themselves in a time in which their own originality, genius, spectacular ideas or talents may be the means of breathtaking achievement, against all sorts of deep-rooted and destructive foundations.

A strange or baffling state of affairs might be easily switched into high gear and brilliant performance, by tactics of originality, daring and bold adventure or experimentation. Uranian impulses may be touched off by atomic techniques.

A child born on this day will be bold, brave, original, with exceptional skills, ingenuity and daring, greatly to its benefit and probable public recognition.

GUARDING YOUR HEALTH

Effect of Fluorine In Water

BY HERMAN N. BUNDESEN, M.D.

SUMMER and autumn are wonderful times for outdoor fun. These are the seasons for trips to the parks and woods, but all the joy of a moonlight stroll or a late afternoon picnic is killed if it also means contact with the group of poisonous plants known as poison ivy, poison vine, or poison oak.

These mischief makers grow everywhere—in the gardens, vacant lots, back yards, woods and fields, wreathing themselves around trees and over fences, and if we are to enjoy our open-air seasons to the full, we must be on guard against them.

Recognizing Them

In the first place, everybody should learn to recognize them. Unfortunately all are attractive-looking plants. Poison ivy is a climbing plant with a rather pretty dark-green leaf which turns a rich and lovely brown in autumn.

Each leaf is divided into three leaflets and it bears a white berry. In the sap of the ivy there is an oil which causes skin inflammation when it comes in contact with the bare skin. The more thoroughly it comes in contact with the skin and the more it is rubbed into the skin, the worse is the reaction which occurs.

The first symptoms of ivy poisoning are redness and slight swelling

over the parts of the skin which have been exposed. Within 24 hours blisters form and there is a great deal of itching and burning. Naturally the affected person scratches and this tends to make the inflammation worse. The blisters break open and the fluid escapes and spreads over unaffected areas of the body, causing new outbreaks of skin inflammation.

Length of Time

The length of time required to get rid of the difficulty will depend on the severity of the condition and how sensitive the patient is to the poison ivy, as well as the type of treatment carried out. Even a mild attack may persist for several weeks, interfering with sleep and producing nervousness.

If a person thinks that he has been exposed to ivy poisoning, he should return home at once and take off his outer garments, being careful that they do not get in contact with the skin. He should then take a bath, using plenty of soap and water.

In treating the condition, wet compresses are most often advised, a usual one being a substance known as liquor aluminum acetate diluted as the physician directs. Boric acid solutions may be employed instead. It is best to have the ivy poisoning treated under the directions of a physician.

Long before Susie was born, some sharp-eyed statistician marked her up for dead. He didn't have Susie's address, didn't know her name. To him, she was just a fraction of a decimal—placed in the group of one of the "so-many-children-must-die-of-diphtheria-in-1946."

But Susie fooled the statistician. With the aid of modern science she is very much alive today. For widespread vaccination of children has stripped diphtheria of much of its dread.

And this is but a single instance. In many other ways our

healing arts have struck out at traditional enemies of childhood. The result is that your child today has a substantially greater life-expectancy than you had a generation ago. Do not fail, in the interests of your family, to command the full measure of recent scientific knowledge.

Consult your Physician

To get well—and to keep well—is a common obligation. Consult your physician. Heed his experienced counsel. And, we hope you will bring his prescriptions here for careful compounding by our skilled pharmacists.

Wafer-Thin Steel Produced At Rapid Clip By New Mill

(By Associated Press)
WEIRTON, W. Va., May 16—A new marvel of production which can produce wafer-thin steel at a mile-a-minute pace is in operation here. It's the Weirton Steel Co.'s new No. 6 cold strip mill which officials say can roll steel at a pace one-third faster than the best previous record.

The mill, as big as a sizeable two-story house, is part of a \$20,000,000-plus expansion by the firm, a subsidiary of National Steel which has embarked on a \$50,000,000-plus program in its various works.

Weirton officials said the mill's top speed approximates 6,000 feet per minute. It can produce a coil of steel of tin plate thickness weighing five tons in less than five minutes. That's sufficient for about 62,500 vegetable cans.

The mill's output will consist mainly of tinplate gauges, ranging from 6.1000 to 15.1000 of an inch in thickness. However, the unit can roll thicker gauge up to 25 gauge, approximately 22.1000 of an inch thick.

Tremendous pressure exerted by 17,500 horsepower from huge electrical motors is placed on the steel strip as it enters the mill. The steel is stiff and of cardboard thickness when it is threaded into the mill. As it speeds through the powerful rolls of five stands it is compressed into pliable thinness. It whips out of the mill into a coil with amazing speed.

Firm officials said the mill's speed is about three times as fast as the 200-foot-a-minute top speed of most modern cold-reducing mills. Some comparatively new mills make 3000 to 3500 feet per minute.

At a reception after the inspection T. E. Millip, Weirton president, said the mill would increase tinplate output 50 per cent.

Twenty-seven of every 100 American soldiers killed and wounded in World War I suffered from gas, according to U. S. chemical warfare service reports.

Had to Make' Propaganda Film, Taylor Testifies

Robert Taylor is shown testifying before the House Un-American Activities Committee in Los Angeles that he was forced to make the picture "Song of Russia," which he felt contained Russian propaganda, in 1943. At right is Rep. J. Parnell Thomas, committee chairman, and in middle, Rep. John McDowell.

'Weeping Rocks' Tell Tale Of Vanished Indians

NORTH POWNAL, Vt.—And here because of a seepage of water Indian tribe once was exterminated from an overhanging formation of lime and slate gravel.

For generations the tribe was secure in the tradition that they never would be conquered until the "rocks wept." When pursued once by their enemies they retreated to the spot where the water seeped over the ledges.

Believing it an omen, the Indians surrendered and were annihilated without resistance.

From that day the spot on the winding country road was known as "Weeping Rocks."

Almost half of the roads in the United States are surfaced.

Missouri Drys Push Local Option Ruling

JEFFERSON CITY, Mo. — Missouri, traditionally a "wet" state, has a new temperance organization in the field.

It is the "United Drys of Missouri" formed by delegates of the Missouri Council of Churches, the Anti-Saloon League and the Women's Christian Temperance Union.

The new group will rally support for local option legislation which would permit communities to decide whether liquor should be sold within their borders. Present state law permits sale of liquor without local approval in cities of more than 20,000 population.

Success Is Reported In Venereal Disease Fight

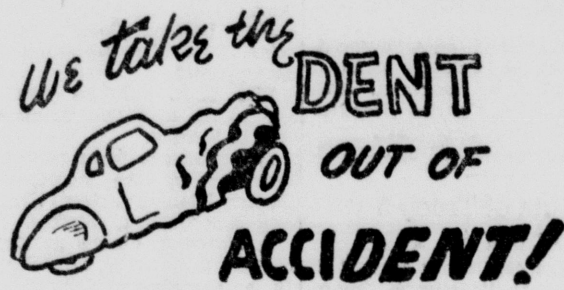

CHARLOTTESVILLE, Va.—Success in the search for the ultimate in a cure for gonorrhea—a single dose of pills—is reported to the Virginia Academy of Science.

The curative drug is penicillin but with the addition of a "rather amazing" new chemical compound which makes the penicillin stay put in the blood stream long enough to do the job, said Dr. Samuel A. Vest, head of the urology department at the University of Virginia.

Penicillin has been recognized as the most effective medicine in the treatment of the disabling venereal disease. But its will-o-the-

wisp character made repeated large doses—usually by hypodermic injection—necessary. The kidneys dissipated the penicillin in short order and repeat doses were the only means of keeping a good concentration in the body.

However, a new synthetic, in some respects kin to penicillin itself, when administered with the penicillin suppresses the little tubes in the kidneys and the penicillin is held prisoner long enough to serve its purpose, Dr. Vest explained.

Emergency Would Find Fleet Unprepared

WOULD TAKE YEAR TO FIGHT ENEMY AT FULL STRENGTH

Testimony Of Department Officials Is Given To Congressmen

(By Associated Press)
WASHINGTON, May 16.—The Navy figures it would take a year to bring the full power of the fleet into another war.
High navy officials told a house appropriations subcommittee it would require that long to get into action the ships and planes it is putting into storage and to get ammunition production rolling at the needed rate.
Their testimony, while the subcommittee considered next year's funds for the Navy, was made public today.
Rep. Ploeser (R-Mo) listened and summed things up this way:
"We are not going to sea tomorrow with the entire fleet in any emergency."

Some Need Overhauling
Chiefs of several navy bureaus cited these as reasons why the Navy would be unable to fight full force at the drop of an atom bomb:
The fleet is in "fairly good condition" from the standpoint of repairs. But about 60 per cent of the 230 active ships need some overhauling. They have about 72 to 78 per cent of their full manpower.
Both active ships and the 2,288 in reserve need some alterations. Those in service should be changed to improve them for fighting submarines, for submarine offensives, and to allow carriers to handle faster, heavier planes.
It would cost about \$200,000,000 to give the Navy up-to-date fire-control equipment. Even the newest now in use is obsolete because of the development of high-speed planes.
The Navy has only little more than half the required 5,000,000 rounds of five-inch shells for use against planes or ships, even though it has \$3,500,000 worth of ammunition in reserve.
The fleet could use all the supplies of five-inchers on ships and in storage in 69 minutes of continuous firing.

Planes Outclassed
Some 4,000 planes in storage are "outclassed in military performance that they would never be used in combat except under desperate circumstances."
Forty-four per cent of the planes in fleet combat squadrons "are second-line aircraft of the same models as those in storage" and "we are using the old surplus aircraft to a degree which... influences the current combat potential of the fleet."
Even those in reserve will have to be used for replacements and they will be gone by mid-1949.

VIENNESE TELL GRIM STORY IN ONE WORD—'HUNGER!'

AS THE CRY OF "HUNGER" grows steadily louder in Europe, crowds gather in the streets of Vienna, Austria, during a food demonstration and carry a huge banner that tells its own story. While the Austrian peace treaty settlement remains unsettled, the people of that country are among the hardest hit by want. The appeal, pictured above, was staged outside the Chancellery of the hungry city. (International)

Polio Has Cost Ohioans \$2,500,000 In 3 Years

COLUMBUS—Infantile paralysis cost Ohioans \$2,500,000 during the past three years, a conference of Ohio chapters of the National Foundation For Infantile Paralysis is told.
Arnold L. Larsen, state representative of the national organization told the "polio preparedness conference" here that Ohio had 2,354 cases during the calendar year of 1944, 1945, 1946.
The expense of the majority of

these cases, he explained, fell on the families of the patients or the state. After local funds were exhausted the Ohio chapters of the polio foundation received approximately \$50,000 from the parent body to carry on work in hardship cases Larsen stated.

Diana Barrymore Is Sued By Police After Arrest

LOUISVILLE, Ky., May 16.—Three Louisville patrolmen who claimed their characters were "impugned" by Actress Diana Barrymore and her husband, John Howard, filed suit in federal court here yesterday, asking damages totaling \$60,000.

The suits came as an aftermath of an altercation on a downtown street corner early Sunday, in which the Howards were arrested and charged with assault and battery and disorderly conduct.
Attorney Thomas H. Young filed the suits for Patrolmen Joseph Shepherd, Walter Zettwoch and

Joseph Martin. Each is asking \$20,000.
The suits charge the Howards used vile and vulgar language against the patrolmen and hit them without provocation and with such force as to do bodily harm.

Cincinnati Housewives Open War On High Prices

CINCINNATI, May 16 — Housewives in the northwest section of Cincinnati began a "don't buy high" campaign today in an effort to bring down prices.

Bearing placards, the women walk-

ed through the business district issuing handbills calling for mass attendance next Wednesday night at a "don't buy rally." Some had their children with them.

"It is time the housewives organize against high prices," said Mrs. David Polasky, chairman of the Avondale Community's club of the Progressive Citizens' committee.

Columbiana Plant Picketing Limited By Order Of Court

LISBON, May 16.—The United Steel Workers of America, Local 3790, whose members are on strike at the plant of the F. C. Russell Co. in Columbiana are enjoined by a common pleas court order issued by Judge Joel H. Sharp, temporarily restraining the union from interfering with those who wish to work in, or do business with the plant. The court also issued an order against mass or violent picketing of the plant, limiting the number of pickets to two.

The temporary restraining order was asked in a petition filed in the court by the F. C. Russell Co. against the United Steel Workers of America, an affiliate of the C. I. O., Youngstown; Local Union No. 3790 of USWA, Columbiana; Vern Halsey, of Youngstown, field representative of the USWA; Paul Wayt, Salina-ville, president of the negotiating local No. 3790, and other officers and members of the local.

Although the company's contract with the union expired April 29, 1947, petition of the plaintiff alleges an agreement was entered into extending it until June 1, 1947, in order that a new contract might be negotiated. The negotiations continued to May 7 and the company alleges that on May 8 in violation of contract the union ordered its members out on strike, and that on May 9 members congregated in the vicinity of the plant for the purpose of picketing, and since that time have forcibly and by threat and intimidation kept workers from the plant.

Boom-Or Bust Theory Chided By Truman

WASHINGTON, May 16.—President Truman said today there is no necessity for a boom-and-bust if the people show common sense and keep control from the hands of the greedy.

Mr. Truman made this observation at a news conference during which he said there has not been much cooperation legislatively or publicly to prevent such a development.

At the same time, however, the President paid tribute to a large number of people who have reduced prices.

Mr. Truman reiterated his previous assertions that prices are too high, particularly commodity prices.

Union Curb Laws Result Of Abuse, Taft Declares

WASHINGTON, May 16.—Senator Taft (R-Ohio) says changes

in the labor laws passed by the senate are designed to meet "specific abuses of power" and that union leaders have acquired "a power which the people resent."

"The solution of our labor problems must rest on a free economy and on free collective bargaining," he said.

Taft said the senate's bill, passed by a vote of 68 to 24, had been "violently attacked by labor leaders" and also criticized by industrialists who objected that it does not abolish all union shops and nation-wide collective bargaining.

"The labor leaders simply opposed all changes in the existing laws, as they have opposed all attempts to reform labor abuses for the last ten years," he said.

Here's spring driving just around the corner, and every highway and byway calling you to step out.

So how's that Buick of yours—all set? Has it all the pep and go it should have? Is it smooth and quiet as it can be?

It's a good time to have a thorough engine tune-up. And we mean a real Buick tune-up—the way the Buick manual says is right—with 30 separate operations. It's competent attention by Buick men working with Buick tests and tools.

This is what makes all the difference between ordinary service and Buick car care. It's a difference that pays off in satisfaction, pleasant driving and longer car life.

Whisky For Snake Bite Pooh-Poohed By Experts

DALLAS, Tex. — The old belief that whiskey is a cure for snake bite is disputed by a Texas expert on snakes and their bites.

Lawrence Curtis of Dallas, whose hobby is collecting snakes, says whiskey is harmful when taken in snake bite cases. It causes the heart to beat faster, he says, and that speeds the poison through the system.

YOUR CHANCE OF A LIFE TIME TO OWN A 44-ACRE FARM

And a splendid modern suburban country home just 1 mile from Salem on Route 9. This place has everything including gas and electric and is even wired for an electric range. You could not build the house alone for \$10,000. Seven rooms and bath with excellent basement and a brand new Boomer stoker fired furnace. Good bank barn, stanchions for 10 cows, extra new building 30x80 suitable for double decker chicken house, 10 acres of timber, good land all naturally drained and about \$2500 worth of frontage could be sold off for building sites. Immediate possession can be given. This is absolutely one of the best farm bargains ever offered and it is my guess it will have a new owner within the next 10 days.

Boyle's COLUMN

By HAL BOYLE
KANSAS CITY, Mo., May 16—Every city boy who move away has a neighborhood corner he wants to come back to.
So I came back to mine—Thirty-first st and Woodland ave. It's a middle-class corner like ten thousand others across the land.
Death came before me, and made the neighborhood strange. Old "Pop" Hudson, a gentle druggist, was done at last with pills, panaceas, lipstick and headache remedies. He went down all at once like a tired sun at the end of a long day. In the same way passed Chunky "Ollie" Elyar, the neighborhood undertaker, who had buried so many friends he just came to feel the company was better on the other side of the dark line.
But I, Hammer, the shoe man, was still there, looking no older than he did 20 years ago. He has stayed on the corner, selling and repairing shoes and raising a family for 35 years.
"Business is still good — enough for a man who doesn't expect to get rich," he said. "There was too much to do in the war years. I am just catching up. People who moved away from the corner years ago still drive by to leave me their shoes to fix."
"I fixed their shoes when they were children. Now they bring me their children's shoes. It hasn't been a neighborhood to make a lot of money, but I've made many friends."
Hammer came from Europe. He

has no desire to go back.
"Ane man on this corner made \$20,000 and went back to the old country a rich man," he said. "Now he is broke and wants to come back. I told him not to leave. I have had a good life here. I want to stay."
Jim Collins, getting gray but still a steady man with the scissors, gave me a haircut in the same shop I used to sell newspapers as a boy.
"Business is still good — enough for a man who doesn't expect to get rich," he said. "There was too much to do in the war years. I am just catching up. People who moved away from the corner years ago still drive by to leave me their shoes to fix."
"I fixed their shoes when they were children. Now they bring me their children's shoes. It hasn't been a neighborhood to make a lot of money, but I've made many friends."
Hammer came from Europe. He

down early so the customer can get up in the morning to go to work on weekdays and to church on Sundays.
In the block where my family has lived for 25 years have come many changes. The elm trees are higher and thicker. The houses look a little run down, but they're being fixed up.
Dad used to own the house next door to our own. He bought it in flush times. But one day during the depression he got tired of the \$1,000 mortgage on it and told a man to keep the house and the mortgage and forget the whole matter. My best friend as a child—he died in youth—lived there and it holds many memories. Now it is broken up into apartments and I don't know the faces that look across from the porch.
The "old grouch" who used to own the white cottage across the street is long dead. We used to tease him by stealing from his cherry trees. He got even by keeping any baseballs we accidentally knocked up on his lawn.
I told my mother it must be much pleasanter for her now that all the children in the block were grown up and gone.
"Why, there are still 23 kids in this block," she laughed. "You didn't think just because you grew up and left that the children would quit coming, did you?"
Yes, I did. I thought the kids ran with would somehow own the block forever. Now we don't even belong.

Second Guessing

DEPARTMENT OF CONFUSION

Already in the young and struggling softball season Commissioner Joe Reese is being called upon to make a decision on a protested contest. It seems the Electric Furnace has entered a formal protest against the Printz club as a result of the pitching of Jimmy Boone, speed ball hurler who captured his first victory 8-4 over the Furnace Monday night at the park.

The protest claims that Umpire Don Kopf erred in allowing Boone to deliver a number of illegally pitched balls during the game. Legal or illegal, they had the Furnace baffled—for they only managed one hit in the seven inning stretch.

As a matter of fact, Umpire Kopf, in his first season at softball officiating, did call Boone's pitches illegal once or twice—and it's a very ticklish proposition.

Reports have it that Kopf erred in his action, however, one time sending the batter to first on the pitch which it should have been called a ball and the runners on bases advanced one base automatically. This is according to the rule book.

Interpreting whether a pitcher is

using an illegal throw is no easy matter and it's one that officials here have steered clear of as much as possible in past years.

The rule book states, in regard to Boone's type of pitch, that an illegal pitch shall be called when "final delivery of the ball is made to the batsman with the hand above the hip and the wrist of the pitching arm farther from the body than the elbow."

There are other illegal pitches, but this one rule covers the violation of which Boone allegedly was guilty.

It often has been said by old timers in Salem softball that few local pitchers adhere strictly to the rules of delivery. Hence, the decisions by umpires are somewhat shaky against one man when others may also be violators.

But all this is beside the point as far as Commissioner Reese's decision on the case is concerned. Once again the protesting team has based its gripe against a matter which depends entirely on the umpire's opinion.

Kopf's action may have been in error, or it may not have been, but his decisions, even if wrong, seemed to give the break to the Furnace and not the club that won the game. From here it looks like Boone's creditable tossing is as legal as any one else's. If it isn't, there'll be a lot of wrangling about deliveries before this season is very far advanced.

Merchants To Play Ball In Lisbon Saturday Night

Diner Wins 2nd; Mullins, Recreation Victors

SAXON-HANNAY BATTLE CLOSES IN 2-2 KNOT

Pete Cain Hurls Hitless Ball After 1st Frame; Linder Fans 10

Three more games were entered on the Class A softball books Thursday night, as the fourth, a tight pitcher's duel between the American league Saxons and Hannays wound up a 2-2 tie after seven innings of play. It will be replayed at a later date.

The other tilts were all five inning affairs. In the other American league game the Diner became the only team in either loop to record two victories as it swept over the Jaycees 14-4 with a 15 hit barrage. The Recreation soundly thumped the Electric Furnace 13-4 and Mullins defeated the Printz club 10-2 in the National league.

The leading hitter of the evening was Johnny Hart of the Diner, who smashed out three hits in four trips, including a home run. Barrell Rosenberg of the Jaycees continued his heavy sticking with two hits in two tries. He now has five for seven in two games.

Pete Cain and Al Linder, pitchers for Hannays and Saxons, staged a brilliant battle in the tie game. Cain suffered one bad inning, the first, when he allowed all three of the Saxon hits and committed an error himself. From that point on, however, he twirled airtight hitless ball.

Linder walked four men in the second frame, allowing Hannays to get both their tallies. He fanned 10 batters.

Both the Furnace and Rec collected seven hits each, but pitcher Howard Gray's wildness led to the Furnace' downfall. Walks cost them seven runs in the first two innings. Frank Fowler pitched steady ball for the winners.

Mullins, manned to a large extent by former Bowling Center players had no trouble with the Printz outfit. They scored in four of the five innings.

The diamonds, although somewhat soft, were in excellent shape having been freshly rolled Thursday.

Tonight's games will bring into action two new teams in the American league—Fratillas and the Amvets. In the National, three more, White Cottage, Golden Eagle and V. F. W., will show their wares.

East Liverpool May Be At County Meet

East Liverpool today forwarded an eligibility list of 24 men to Coach Fred Cope at Salem, which indicates to Cope that the Pottery men will enter the county meet here today.

East Liverpool had previously been in doubt as an entry here because of the district meet at Uhrichsville Saturday, Cope said.

Salem, East Palestine and Columbiana are definitely entered. Salem is defending champion, but is considered the underdog to Palestine this year.

Rookie Stephens Does Okay In Start

(By Associated Press) WASHINGTON, May 16.—Rookie Bryan Stephens, lanky right-handed fastballer, was the leading candidate today for the No. 4 spot on the Cleveland Indians' pitching staff.

Exhibiting fine control, Stephens scattered eight hits and bore down in the clinches last night to notch a 9-1 victory over the Washington Nationals in his first major league start.

Tribe Manager Lou Boudreau, who aided the young hurler with some sensational fielding and batted in four runs, indicated after the game that Stephens would be given an opportunity to pitch regularly this summer.

The Tribe slammed 14 hits off three Washington hurlers. Pat Seery lined a two-run triple to left field for Cleveland in the third, breaking a 1-1 tie, and Cleveland was in front from there on.

Don Black (2-2) will take the mound for the Tribe tonight against Washington right-hander Walt Masterson.

Bowlers Asked To Make Picnic Plans

A request was made today by members of the Salem Bowling association picnic committee for all local bowlers who plan to attend the association's picnic May 23 at the Saxon Country club to purchase tickets this week.

An early estimate of the number of bowlers planning to attend must be made so that adequate preparations can be made, a committee spokesman said.

The program for the picnic has been almost completed. Tickets can be obtained from team captains, league secretaries and alley operators.

The picnic committee will meet at 2 p. m. Sunday at the Sponseller Construction Co. office on Railroad st. to draft final plans for the event. Paul "Judy" Myers is chairman.

The annual picnic, planned for the members of the Women's Bible class of the Methodist church will be held Tuesday, June 10.

Mrs. Fred Baker, Mrs. B. E. Cameron, Mrs. Charles Pyle and Mrs. John Peley, officers will be in charge. The birthday anniversaries of members in the last three months will be honored.

A Mother's day program was presented Tuesday afternoon when Mrs. L. S. Strawn entertained the group with Mrs. Ella Strain and Mrs. M. W. Strawn associate hostesses.

Quilting Enjoyed

Quilting occupied the time when members of the Rebecca Coleman Missionary circle were entertained by Mrs. Myron West with Mrs.

W. A. Talbot associate hostess. Devotions were conducted by Mrs. Robert Bell, who also presented the program. It consisted of articles on China and Child Care read by Mrs. Bell and a biography of Miss Ethel Taylor, returned missionary to China, read by Mrs. Lea Hoopes.

Lunch was served by the hostesses with 16 present.

The next meeting Tuesday evening, June 10 will be held with Mrs. Donald Phillips, with Mrs. John Williams program leader.

Mr. and Mrs. Lea Hoopes entertained teachers, employees and guests of Smith Township schools Monday evening at the annual Spring party. Moving pictures were shown by Leon Force, principal of Maple Ridge school.

A lunch was served by the hostesses with 18 present.

Mr. and Mrs. H. O. Stanley and Mrs. Margaret Chambers visited Mr. and Mrs. Richard Chambers of Cleveland Tuesday.

Tuesday evening Mrs. Stanley and Mrs. Margaret Chambers attended a stork shower for Mrs. Richard Chambers in the parlors of the First Friends church of Cleveland. The event was given by Mrs. Paul Williams and Mrs. Eugene Riebe of Cleveland.

Friendship circle Sunday school class of the Methodist church will be entertained Wednesday evening, May 21, by Mrs. Olin Shoar with Miss Faye Pyle and Mrs. Emil Stanley associate hostesses.

The Fidelis Sunday school class of the Friends church will meet Wednesday evening, May 21, with Mr. and Mrs. Crawford Brantingham.

Rev. Waldo Hicks, pastor of the Friends church in Grinnell, Iowa, has resigned his pastorate. He with his wife and family will go to Portland, Oregon where they will prepare for missions in Africa. Rev. and Mrs. Hicks and family formerly lived here.

To Dedicate Organ

Dedication services will be held at the Damascus Friends church Sunday at 3 p. m. for the Hammond electric organ recently installed.

The program will include: Organ prelude; congregational sing; Bible reading and dedicatory prayer by the pastor, Rev. John Williams; and organ recital by Wilford P. Stone of Youngstown.

Mr. and Mrs. C. T. Shreve, Mr. and Mrs. Glenn Shreve, Mr. and Mrs. Donald Phillips, Mr. and Mrs. Elgie Boyle and Dwight Phillips accompanied by Frank Baughman of Alliance attended a cattle sale near Lansing, Michigan, Monday. The group had a consignment of cattle taken to the sale.

Mrs. Clara Shaffer and son, Ora, of Ravenna were guests of Mr. and Mrs. Charles Pyle Sunday.

Mr. and Mrs. Bert Phillips and daughters, Aileen and Hilda, and granddaughters Jo Anne, Carol and Norma Phillips enjoyed a dinner at Lisbon Sunday and called on Mr. and Mrs. Samuel Dodson of East Liverpool.

Mr. and Mrs. M. W. Strawn returned home Tuesday from Kendridge, Va., where they spent three weeks visiting their son, Rev. H. L. Strawn. Rev. Strawn has five Methodist church charges in the vicinity of Kendridge.

• SO THEY SAY

It's all very well to say that East and West must meet, but you must have a bridge for them to meet.

—British Foreign Secretary Ernest Bevin.

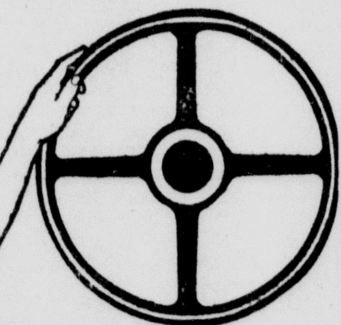

We are now living in an age of friendship and unity in the Western Hemisphere. If we could just get friendship and unity in the Eastern Hemisphere, we would have no more trouble.

—President Truman.
